RE: Ryan White Part A (Project #2011-DOH07)

Dear Ms. Nevois:

Enclosed is a report of the fiscal monitoring review of St. Clair County Department of Health, Ryan White Part A program, for the period March 1, 2010 through February 28, 2011. The scope of a fiscal monitoring review is less than an audit, and as such, we do not express an opinion on the financial operations of St. Clair County Department of Health. Fieldwork was completed on May 31, 2011.

This review was made under authorization contained in Section 2, Article XV of the Charter, City of St. Louis, as revised, and has been conducted in accordance with the *International Standards for the Professional Practice of Internal Auditing* and through an agreement with the Department of Health (DOH) to provide fiscal monitoring to all grant sub-recipients.

If you have any questions, please contact the Internal Audit Section at (314) 657-3490.

Sincerely,

Dr. Kenneth M. Stone, CPA
Internal Audit Executive

INTRODUCTION

Background

Contract Name: St. Clair County Department of Health
Contract Number: HD-10-42
CFDA Number: 93.914
Contract Period: March 1, 2010 through February 28, 2011
Contract Amount: \$636,697

This contract provided Ryan White Part A funds to St. Clair County Department of Health (Agency) to provide medical care and support services for the Illinois portion of the St. Louis Transitional Grant Area (TGA).

Purpose

The purpose of the review was to determine the Agency's compliance with federal, state and local Department of Health (DOH) requirements for the period March 1, 2010 through February 28, 2011, and make recommendations for improvements as considered necessary.

Scope and Methodology

Inquires were made regarding the Agency's internal controls relating to the grant administered by DOH. Evidence was tested supporting the reports the Agency submitted to DOH and other procedures were performed as considered necessary. Fieldwork was completed on May 31, 2011.

Exit Conference

There were no current observations; therefore, an exit conference was not considered necessary.

OBSERVATIONS

Conclusion

No evidence was found to suggest that the Agency did not comply with federal, state and local DOH requirements.

Status of Prior Observations

The Agency's previous fiscal monitoring report, Project #2010-DOH04, issued on March 25, 2010, contained no observations.

A-133 Status

The Agency expended over \$500,000 in federal awards for the fiscal year ended December 31, 2009 and was therefore required to have an A-133 audit.

The report dated September 14, 2010, expressed unqualified opinions on the financial statements and the federal awards.

There were no material weaknesses or significant deficiencies identified.

The Agency did not qualify as a low-risk auditee.

Summary of Current Observations

There were no current observations.
